PIED BY ATTACKING
FORCES

Teheran, July 13.—Thousands of nationalists entered this city at 5 o'clock this morning by three gates and the northern section of the city was soon in their hands. The shah is expected momentarily to take refuge in one of the foreign legations. Royalist troops are occupying the central square and it is believed the nationalists will attack their position should the royalists refuse to surrender. Many royalists have deserted, and the parliament building is in possession of Sipahdar and Sardasht, nationalist leaders. The office of the Indo-European Telegraph company, the only line that is working, is now under fire.

REVOLUTIONARY LEADER SURRENDERS TO GOVERNMENT

Bogota, Colombia, July 13.—General Ortiz, chief of the revolutionists, has surrendered to the government authorities and turned over his steamers and munitions of war taken from the government ten days ago.

Ministers Fear Attack

Lapaz, July 13.—The ministers of Peru and Argentina are awaiting in-

structions from their government as to the course of action over the continued hostile demonstrations against their legations here. The Peruvians living in Bolivia are commencing to leave the country.

MANY WOULD SERVE AS SECRETARY OF Y. M. C. A.

The directorate of the local Y. M. C. A., held a very satisfactory meeting last evening, at which some business in hand was dispatched. The condition of the home association is encouraging in all particulars, financial and otherwise. A number of applications for the vacant secretaryship have been received and placed on file for action in the near future. Some of the applicants are highly recommended and it is not likely that any mistake will be made in the selection of a new secretary.

BOSTON WOOL MARKET ACTIVE FOR DULL TIME

Boston, July 13.—Large receipts, average shipments and firm prices are features of the local wool market. Considerable new business is reported at a time which is usually dull. Both domestic and foreign grades figure in the trading. It is estimated 4,000,000 pounds of Montana wool has changed hands in the last ten days, the bulk selling in its natural state at 26 cents.

CATHOLIC EDUCATORS MEET IN BOSTON

Boston, July 13.—The convention of the Catholic Educational association opened here this morning. The delegates were greeted by Archbishop O'Connell. Many distinguished educators of the Catholic church are present. The purpose of the meeting is to bring about a closer cooperation of Catholic educators.

JOHNSON IS MATCHED TO FIGHT KAUFMAN

Chicago, July 13.—Jack Johnson, the colored heavyweight champion, yesterday accepted the guarantee of \$10,000 for a twenty round fight with Al Kaufman, the Pacific coast heavyweight on August 27. The battle will take place at the Mission club in San Francisco.

PROFESSIONAL BRIDEGROOM MAKES FULL CONFESSION

San Francisco, July 13.—Chris C. Johnson, who was sentenced yesterday to seven years in Folsom prison for bigamy, is said to have confessed today that he is "John Madison" wanted throughout the country for bigamy and swindling women, under the promise of marriage. Johnson's confession is full of inconsistencies and the police do not give it full credence. Johnson declares he has been married to so many women he cannot count them off hand.

"In 1906," he said, "I quit my business buying horses, and from that day made a living by marrying and making love to women, getting their money and deserting them."

FIRST TRIP PUTS GOOD ROADS' AUTO ON BUM

Tired, dusty and disgusted, Territorial Land Commissioner Robert P. Ervin, Mrs. Ervin and son, Howell, with H. A. Hart, chauffeur, at the wheel, arrived in Las Vegas shortly after noon today in the territorial good roads' automobile, from Clayton, Union county, where about ten days ago, the party went in the big motor car.

The automobile barely held together sufficiently to be driven to this city, the party having been on the road since last Friday, trying to reach here from Clayton. The return trip was a series of accidents, in which the car each time was the chief sufferer, and when it arrived here it was a sorry

looking sight with a rear wheel all but out of commission, a broken spring and other troubles of a more or less serious nature.

So badly used up was the machine, that it was abandoned here and the party left this afternoon for Santa Fe on No. 1. The motor car will be shipped to the Pulk repair shop at Roswell in a few days, where it will undergo a complete overhauling, after which it may do service again for the territory.

It was the first trip of the good roads' auto as it was named, but the bad roads put the car on the bum, hence it would seem that it was, after all, mis-named.

JAP MARRIES WHITE GIRL

A WEDDING OF UNUSUAL INTER-
EST TAKES PLACE IN LAS
VEGAS

DETAILS KEPT SECRET

BRIDE COMES ALL THE WAY
FROM LOS ANGELES FOR
CEREMONY

GROOM HARVEY HOUSE COOK

FRANK S. MADDA AND MISS KATIE
GALLAS PRINCIPALS IN PRE-
TTY ROMANCE

Although every effort was made to keep it quiet, it was learned this afternoon that a marriage license was secured yesterday at the office of the county clerk on the West side by Frank S. Madda, a full-blooded Japanese, and Miss Kate Gallas, a Polish girl, of Los Angeles, Calif., and that the couple were married this afternoon, presumably by an alcalde in an outlying precinct. Whether the couple attempted and failed to secure the services of a minister or priest to perform the wedding ceremony is not known.

The bride-to-be arrived in the city three days ago from Los Angeles, and has been staying at a private house, until every detail regarding the wedding was arranged by the prospective groom. She is a beautiful girl and twenty-three years old, according to the record of the marriage license, while Madda is twenty-six.

Madda is said to have met his bride while working on the Pacific coast several years ago. He is an educated Japanese and is employed as second cook at the Hotel Castaneda in this city. He is said to be industrious and a man of good habits.

While the marriage created quite a stir here when it became known, at the same time there is no law against a Japanese marrying a white girl.

A number of the town people are patronizing the gypsy fortune tellers that may be met now upon every street.

ELKS BALLOTING ON NEW GRAND OFFICERS

Los Angeles, July 13.—The first session of the grand lodge, B. P. O. Elks, was held this morning. Ballotting for grand lodge officers is now in progress, but the result will not be known until late tonight. Today was Santa Monica day, and thousands attended the Spanish sports, regatta and band concerts there.

There are two active candidates to succeed Rush L. Holland, the retiring grand exalted ruler. They are J. U. Sammis and August Hermann, with W. H. Atwood, of Dallas, Texas, as a possible dark horse.

Kansas City is strengthening its chances every day to land next year's reunion, although Seattle, Cincinnati, New York and Detroit are making a hard fight to secure the plum.

MILITIA COMPANIES ARE DRILLING FOR ENCAMPMENT

The various companies of the National Guard in the territory are working overtime drilling for the territorial encampment which will open Thursday of this week at the rifle range, north of the city.

The Pecos Valley News, published at Artesia, has the following regard-

TAX CLAUSE

Lincoln, Neb., July 13.—William J. Bryan today addressed a letter to President Taft, asking him to let the people vote on the popular election of U. S. senators. The letter reads in part:

"Now that the states are going to vote on the ratification of an amendment specifically authorizing the levying of an income tax, why not give them the chance to vote on an amendment providing for the election of United States senators by popular vote. In your speech of acceptance you said you were personally inclined to favor such a change in the constitution. Would this not be an opportunity to present the subject to congress? Two constitutional amendments, one authorizing an income tax and the other the election of senators by popular vote, would make your administration a memorable one, and I pledge whatever assistance I can render in securing the ratification of these amendments."

SPEEDY ROSEBEN BREAKS DOWN; RACING DAYS OVER

New York, July 13.—Roseben, at one time the greatest sprinter on the American turf, has been retired to the Wadsworth farm near New York. Roseben broke down after his race ten days ago when he was the medium of a heavy plunge by Davy Johnson, his owner. He won hundreds of thousands of dollars in bets and stakes for Johnson who bet \$30,000 on him the day he established a seven furlong world's record of 1:22.

NELSON-WOLGAST READY FOR BATTLE

Los Angeles, Calif., July 13.—"Batling" Nelson, world's champion lightweight pugilist, and Ad. Wolgast, an aspirant to the lightweight championship, will meet before the Pacific Athletic club here tonight for a 10-round battle.

While Nelson is a six to ten favorite in the betting, there is any amount of even money with few takers, that Nelson will not put Wolgast out in ten rounds. Nelson does not claim to be a 10-round fighter and the backers of Wolgast believe that if he starts in and sets a hot pace, that he will be able to outpoint Nelson all the way.

A record-breaking crowd is certain to pack the arena tonight because of the thousands of visitors in the city attending the Elks' annual reunion.

commenced to put in some extra hard drilling getting ready for the big event. The first order was that the encampment would be held from August 1st to 15th, but for some reason this was changed from July 15 to August 1st. Owing to this sudden change in dates Capt. Enfield will be unable to attend, and Lieut. C. R. Echols will be in charge of the company.

"All members are requested to get busy suddenly, and to be on hand promptly at each practice. It is probable that the number of drill nights in the week will be increased so as to get the boys in shape for the work in Las Vegas. Over 500 members of the New Mexico National Guard will be in attendance, and if the Artesia company is to make a record showing, hard work must be done between now and the 15th.

"Make your preparations to attend and help show the people of the northern part of New Mexico what the Pecos Valley can do in a short time when it tries."

Two companies will be here from Santa Fe, together with the First Regimental band. The New Mexican says:

"On Thursday of this week, Companies E and F, of the First regiment of infantry and the regimental band of the New Mexico National Guard, will leave for Las Vegas for a two weeks' encampment. The soldiers will take the morning Santa Fe train leaving at 8:25 o'clock."

Everything Ready

Capt. Ludwig Wm. Ifield today reported everything was in readiness for the encampment. Water has been piped to the grounds and shower baths for both the officers and the men have been installed on the camp grounds. The road to the range has been placed in good shape and a five-minute walk from the end of the car line will land visitors within the lines.

Word was received today that Adjutant General R. A. Ford and Captain Brooks, U. S. army, will be here on the limited at midnight tomorrow. The local company will go in to camp at 7 o'clock Thursday morning. At 1:00 on Thursday, Companies E and F of Santa Fe, together with the First Regiment Band will arrive on No. 10 and immediately proceed to camp upon disembarking. Companies A of Silver City, and D of Las Cruces, will arrive Friday noon, together with the Artesia and Alamogordo companies. By Saturday all the companies, numbering about 500 soldiers, will be here.

SENATE COMMITTEE WILL GIVE DETAILED STATEMENT

Washington, July 13.—The conference on the tariff bill this morning took up the lumber schedule. It is expected that the house will make a strong fight for dollar lumber which was defeated in the senate. After a short discussion the lumber schedule will probably be put over till later.

Members of the senate finance committee have prepared a statement, replying to the charges that the senate amendments will result in increasing the cost of woolen and cotton

KANSAS CITY

Kansas City, July 13.—It is believed that the crest of the flood in this section has been reached and the waters are now subsiding. The Santa Fe railway resumed traffic to Chicago today and 20,000 people held in Kansas City are now proceeding to their destinations. The delay caused much hardship to travelers. The Mississippi river reached a stage of 23.4 feet at St. Louis this morning.

For the first time in almost a week, the Santa Fe, Union Pacific and Rock Island roads were able to use their own tracks to Chicago from Kansas City. In western Kansas, the rivers were falling rapidly today and by tomorrow it is expected partial schedules on the railroads will be resumed. Of all the railroads, the Santa Fe has borne the brunt of the floods, this road losing much track, several costly bridges and considerable traffic due to the almost complete tie-up of its lines running in and out of this city.

ing the cost of woolen and cotton clothing, shoes and other necessities of life. This statement will show that the rates on shoes have been reduced; with no increase on woolen and cotton goods.

A list of 500 decreases will then follow, with 75 increases, an effort being made to show that the latter are not really increases but provisions for the collection of the rates fixed by Dingley law and set aside by misrepresentation.

AUTOMOBILE FEVER IS EPIDEMIC IN LAS VEGAS

The automobile fever has Las Vegas in its grip and a poll made by The Optic shows that a total of twenty-eight motor cars, of various makes and descriptions, are now owned by local citizens, with at least half a dozen or more contracted for. Besides these there are any number who have the automobile craze, but having the wherewithal to satisfy said craze, is another story.

Las Vegas is an ideal town for motor cars, as it has beautiful streets and any number of fine, level country highways where automobiles can be used to advantage. Perhaps no town in the territory is so ideal in this respect as the Meadow City.

The latest additions to the local auto colony are E. D. Reynolds, Joe Damsiger, A. T. Rogers, Jr., and H. W.

Martin, all of whom have purchased high-power touring cars within the past ten days.

In addition to the autos, there are also five motor-cycles owned by residents of this city.

The automobile owners to date follow:

David A. Sulter, Bacharach Bros., Dr. H. M. Smith, Mayor K. D. Goodall, Arthur Ifield, Herman Ifield, A. T. Rogers, Jr., Charley Rogers, William Harper, R. J. Taupert, William Adlon, William Strickfadden, E. C. Butler, Dr. R. A. Morley, Dr. M. E. Des Marais, William White, J. D. Hand, H. C. Wesner, F. J. Gehring, A. A. Jones, D. T. Hoskins, F. B. January, O. E. Burch, Maurice Damsiger, E. D. Reynolds, Joseph Damsiger and H. W. Martin.
